## BEAUTIFUL HAIR THICK, WAVY, FREE FROM DANDRUFF

Draw a moist cloth through hair and double its beauty at once.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate—Real Certain!—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking only one small strand at a time. This will cleanse the hair of dust, dirt, and excessive oil and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, softens and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first, yes—but really new hair—growing all over the scalp.
